

MITGATE SRL

PROJECT GOAL

The aim of the project is to develop a new way to digitally transfer funds from A to B through designated Apps, that allow to accept/make payments with smartphones.

It consists in the realisation of a circuit that addresses private clients and all business landscape, based on the adoption of Mitgate, a technological platform which allows a direct exchange between clients and business users.

Mitgate works towards creating an ecosystem, that helps shop keepers to start, manage and grow their businesses without the cost the common payment solution would entail.

The integration of sophisticated software with standard hardware permits anyone to turn portable devices in points of sale and work stations.

The project has obtained funding from the Autonomous Region of Friuli Venezia Giulia on the POR FESR 2014-2020 call, Activity 2.1.a "Support for new entrepreneurial realities», granted amount € 99.900, paid € 93.900.
